

★ 10 Things You Need To Know About Room Selection ★

1. It is very important that you complete Room Selection because if you do not, you will not receive a room for the 2011—2012 academic year.
2. Think carefully if you are considering moving off campus. We recommend you participate in Room Selection and cancel your room by the August 15th deadline if you decide to move off campus.
3. Please keep in mind that if you are changing rooms, buildings, or pulling in roommates your appointment time will be later than if you are remaining in your current space.
4. If you are looking to change buildings, we cannot guarantee that your current space will be available if you do not find a space you like in another building.
5. Fully vacant suites are difficult to find during Room Selection. In general, groups of 3 or less will have an easier time trying to select spaces together than larger groups.
6. When the proxy for your group extends an invitation to each roommate/suite-mate, it must be ACCEPTED by all individuals via SOLAR in order to secure the grouping and move forward with Room Selection. You may need to sign out of SOLAR or refresh the page to view and confirm the invitation.
7. If your proxy does not complete Room Selection, you will unfortunately not receive housing for the Fall 2011 semester. Make sure to choose a reliable proxy or be with that person when they select actual room assignments for the group.
8. Unfortunately, there are not enough singles on campus to accommodate everyone who would like one. Therefore, we recommend you keep all of your options open when participating in Room Selection.
9. If you cannot find a room—keep looking, and pick something, even if it is not your first choice of space! If you do not have a space by the time Room Selection ends you will not have housing for the Fall 2011 semester.
