

Campus Residences is Introducing..

**RoomBug**<sup>®</sup>  
Your Roommate. Your Choice. 

- **What is RoomBug?**
  - RoomBug is a customized software application that utilizes Facebook to allow students to search profiles and identity of potential preferred roommate.
- **Does RoomBug replace the published housing application process?**
  - No, RoomBug complements the actual housing process for new and returning students. Current students will still need to participate in Room Selection. Incoming students will need to apply for housing at: [www.stonybrook.edu/newstudents](http://www.stonybrook.edu/newstudents)
- **Am I guaranteed my preferred roommate?**
  - No. While every effort will be made to accommodate preferred roommate choices, space limitations, and undergraduate college capability (new freshmen only), may impact ability to place preferred roommates together.
- **Can I change my preferred roommate?**
  - Yes. Returning students can change preferred roommate up until the point of your Room Selection appointment. New students can change preferred roommate preferences up until June 1<sup>st</sup>.
- **How do I access RoomBug?**
  - Students eligible to apply for housing will receive an e-mail with a unique user log in to the RoomBug application.

**Questions about RoomBug?**
