Students must have health insurance coverage if enrolled full-time or in the Stony Brook Medicine program. Students covered under a family plan may waive the Student Health Insurance coverage. Student Health Insurance offers comprehensive care specific to the needs of Stony Brook students.
Designed for Stony Brook Students

The Student Health Insurance Plan (SHIP) is tailored specifically to the student lifestyle, even if they are older than 26. If your student is covered under your family plan, you may waive the student health insurance coverage. Parents and students are encouraged to see if some benefits are better than the coverage from your family plan for common services such as primary care visits, lab work fees, mental health copays and office location and availability.
