If changes are made to the Plan, an amendment or other notice of coverage will be issued to the Organization or Institution for distribution to each Insured Participant affected by the change.
Reasonable Expense means the normal charge of the provider, incurred by the Covered Person, in the absence of insurance,
1. for a medical service or supply, but not more than the prevailing charge in the area for a like service by a provider with similar training or experience, or

Registered Nurse means a graduate nurse who has been registered or licensed to practice by a State Board of Nurse Examiners or other state authority, and who is legally entitled to place the letters “R.N.” or “R. P.N.” after his/her name.

No benefits are payable for medical treatment benefits after a Covered Person’s insurance terminates. However, if the Covered Person is in a Hospital on the date the insurance terminates, the Insurer will continue to pay the medical treatment benefits until the earlier of the date the Confinement ends or 31 days after the date the insurance terminates.

If the Insurer terminates the Policy, coverage will be extended for a Covered Person who:
1. Is Totally Disabled on the date coverage ends.

When an Eligible Participant’s Coverage Starts: Coverage for an Eligible Participant starts at 12:01 AM on the latest of the following:

1. The unused portion of the maximum benefit applicable to the covered medical condition under the prior plan; or
2. The maximum benefit applicable to the covered medical condition under this plan.

Both 1 and 2 above are subject to the benefit periods, Deductibles, and Coinsurance as defined in the respective policies.

When an Eligible Participant’s Coverage Ends: Coverage for an Eligible Participant will automatically terminate on the earliest of the following dates:
1. The date the Policy terminates;
2. The Organization’s or Institution’s Termination Date;
3. The date of which the Eligible Participant ceases to meet the Individual Eligibility Requirements;
4. The end of the term of coverage specified in the Eligible Participant’s enrollment form;
5. The date the Eligible Participant requests cancellation of coverage (the request must be in writing); or
6. The premium due date for which the required premium has not been paid, subject to the Grace Period provision.
7. The end of any Period of Coverage.

Any unearned premium will be returned upon request, but returned premium will only be for the number of full months of the unexpired term of coverage. Premium will be refunded in full or pro-rated if it is later determined that the Covered Person is not eligible for coverage or if the enrollment form contained inaccurate or misleading information.

Coverage will end at 11:59 PM. on the last date of insurance. A Covered Person’s coverage will end without prejudice to any claim existing at the time of termination.

Renewing Coverage: The benefits provided by this Certificate terminate at the end of the current Period of Coverage. At the beginning of the next Period of Coverage you may re-apply for coverage. Any re-application is subject to submission of a properly completed application to the Insurer, the Insurer’s approval of that application, and payment of the applicable premium to the Insurer by the Eligible Participant. There is a 31 day grace period in which to pay the premium due. Any Covered Person whose coverage under the Policy lapses may not re-apply until the next enrollment period and shall be subject to all Policy exclusions as of any subsequent effective date.

SECTION 8
COVERAGE OF NEWBORN INFANTS AND ADOPTED CHILDREN

Coverage of Newborn Infants: A newborn child of the Eligible Participant will automatically be a Covered Person for 31 days from the moment of his/her birth if the birth occurs while the Plan is in force, and subject to the particular coverages and amounts of insurance as specified for Eligible Dependents in the Schedule of Benefits. “Expenses for Routine nursery care” of a newborn infant of a covered Pregnancy are covered up to the limits, if any, shown in the Schedule of Benefits.

Coverage of Adopted Children: An adopted child of the Eligible Participant is covered on the same basis as described above for a newborn. Coverage starts on the date of placement for adoption, provided the Eligible Participant’s coverage is then in force. Coverage terminates if the placement is disrupted and the child is removed from placement.
Newborn children are covered for the Medically Necessary treatment of medically diagnosed congenital defects, birth abnormalities and premature birth.

**Expenses for routine nursery care** means the charges of a Hospital and attending Physician for the care of a healthy newborn infant while Confined. Care includes treatment of standard neo-natal jaundice.

In order to continue the coverage of a newborn child beyond the 31st day following his/her date of birth or of an adopted child beyond the 31st day following his/her placement:

1. Written notice of the birth or of placement of the child must be provided to the Insurer or to the Administrator within 31 days from the date of birth or placement; and
2. The required payment of the appropriate premium, from the date of birth, must be received by the Insurer.

If 1. and 2. above are not satisfied, coverage of a newborn child or of the adopted child will terminate 31 days from the date of birth or placement.

**SECTION 9**

**CLAIM PROVISIONS**

**Notice of Claim:** Written notice of any event which may lead to a claim under the Plan must be given to the Insurer or to the Administrator within 30 days after the event, or as soon thereafter as is reasonably possible.

**Claim Forms:** Upon receipt of a written notice of claim, the Insurer will furnish to the claimant such forms as are usually furnished by it for filing Proofs of Loss. If these forms are not furnished within 15 days after the notice is sent, the claimant may comply with the Proof of Loss requirements of the Plan by submitting, within the time fixed in the Plan for filing proofs of loss, written proof showing the occurrence, nature and extent of the loss for which claim is made.

**Proofs of Loss:** Written proof of loss must be furnished to the Insurer or to its Administrator within 90 days after the date of loss. However, in case of claim for loss for which the Plan provides any periodic payment contingent upon continuing loss, this proof may be furnished within 90 days after termination of each period for which the Insurer is liable. Failure to furnish proof within the time required will not invalidate nor reduce any claim if it is not reasonably possible to give proof within 90 days, provided

1. it was not reasonably possible to provide proof in that time; and
2. the proof is given within one year from the date proof of loss was otherwise required. This one year limit will not apply in the absence of legal capacity

**Time for Payment of Claim:** Benefits payable under the Plan will be paid immediately upon receipt of satisfactory written proof of loss, unless the Plan provides for periodic payment. Where the Plan provides for periodic payments, the benefits will accrue and be paid monthly, subject to satisfactory written proof of loss.

**Payment of Claims:** Benefits for accidental loss of life under Coverage B will be payable in accordance with the beneficiary designation and the provisions of the Plan which are effective at the time of payment. If no beneficiary designation is then effective, the benefits will be payable to the estate of the Covered Person for whom claim is made. Any other accrued benefits unpaid at the Covered Person's death may, at the Insurer’s option, be paid either to his/her beneficiary or to his/her estate. Benefits payable under Coverages A, C, D, and E shall be payable to the provider of the service. Benefits payable under Coverage B, other than for loss of life, will be paid to the Covered Person.

If any benefits are payable to the estate of a Covered Person, or to a Covered Person’s beneficiary who is a minor or otherwise not competent to give valid release, the Insurer may pay up to $1,000 to any relative, by blood or by marriage, of the Covered Person or beneficiary who is deemed by the Insurer to be equitably entitled to payment. Any payment made by the Insurer in good faith pursuant to this provision will fully discharge the Insurer of any obligation to the extent of the payment.

**Physical Examination and Autopsy:** The Insurer may, at its expense, examine a Covered Person, when and as often as may reasonably be required during the pendency of a claim under the Plan and, in the event of death, make an autopsy in case of death, where it is not forbidden by law.

**SECTION 10**

**GENERAL PROVISIONS**

**Entire Contract:** The entire contract between the Insurer and the Policyholder consists of the Policy, this Certificate, the application of the Policyholder and the application of the Organization or Institution, copies of which are attached to and made a part of the Master Policy. All statements contained in the applications will be deemed representations and not warranties. No statement made by an applicant for insurance will be used to void the insurance or reduce the benefits, unless contained in a written application and signed by the applicant. No agent has the authority to make or modify the Policy, or to extend the time for payment of premiums, or to waive any of the Insurer’s rights or requirements. No modifications of the Policy will be valid unless evidenced by an endorsement or amendment of the Policy, signed by one of the Insurer's officers and delivered to the Policyholder.
Incontestability: The validity of a Covered Person’s insurance will not be contested except for nonpayment of premium, after his/her insurance under the Plan has been continuously in force for two years during his/her lifetime. No statement made by a Covered Person relating to his/her insurability will be used in defense of a claim under the Plan unless: 1. It is contained in the enrollment form or renewal form signed by the Covered Person; and 2. a copy of the enrollment form or renewal form has been furnished to the Covered Person, or to his/her beneficiary.

Time Limit on Certain Defenses: No claim for loss incurred after 1 year from the effective date of the Covered Person’s insurance will be reduced or denied on the grounds that the disease or physical condition existed prior to the effective date of the Covered Person’s insurance. This provision does not apply to a disease or physical condition excluded by name or specific description.

Legal Actions: No action at law or in equity may be brought to recover on the Policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of the Policy. No such action may be brought after the expiration of 3 years (5 years in Kansas, 6 years in South Carolina, and the applicable statute of limitations in Florida) after the time written proof of loss is required to be furnished.

Conformity with State Statutes: Any provision of the Plan which, on its effective date, is in conflict with the statutes of the state in which it is delivered is hereby amended to conform to the minimum requirements of those statutes.

Assignment: No assignment of benefits will be binding on the Insurer until a copy of the assignment has been received by the Insurer or by its Administrator. The Insurer assumes no responsibility for the validity of the assignment. Any payment made in good faith will relieve the Insurer of its liability under the Plan.

Beneficiary: The beneficiary is the last person named in writing by the Covered Person and recorded by or on the Insurer’s behalf. The beneficiary can be changed at any time by sending a written notice to the Insurer or to its Administrator. The beneficiary’s consent is not required for this or any other change in the Plan unless the designation of the beneficiary is irrevocable.

Mistake in Age: If the age of any Covered Person has been misstated, an equitable adjustment will be made in the premiums or, at the Insurer’s discretion, the amount of insurance payable. Any premium adjustment will be based on the premium that would have been charged for the same coverage on a Covered Person of the same age and similar circumstances.

Clerical Error: A clerical error in record keeping will not void coverage otherwise validly in force, nor will it continue coverage otherwise validly terminated. Upon discovery of the error an equitable adjustment of premium shall be made.

Not in Lieu of Workers’ Compensation. The Plan does not satisfy any requirement for Workers’ Compensation.

Subrogation: If the Covered Person suffers an Injury or Sickness through the act or omission of another person, and if benefits are paid under the Plan due to that Injury or Sickness, then to the extent the Covered Person recovers for the same Injury or Sickness from a third party, its insurer, or the Covered Person’s uninsured motorist insurance, the Insurer will be entitled to a refund of all benefits the Insurer has paid from such recovery. Further, the Insurer has the right to offset subsequent benefits payable to the Covered Person under the Policy against such recovery.

The Insurer may file a lien in a Covered Person’s action against the third party and have a lien upon any recovery that the Covered Person receives whether by settlement, judgment, or otherwise, and regardless of how such funds are designated. The Insurer shall have a right to recovery of the full amount of benefits paid under the Plan for the Injury or Sickness, and that amount shall be deducted first from any recovery made by the Covered Person. The Insurer will not be responsible for the Covered Person’s attorneys’ fees or other cost.

Upon request, the Covered Person must complete the required forms and return them to the Insurer or to the Administrator. The Covered Person must cooperate fully with the Insurer in asserting his/her right to recover. The Covered Person will be personally liable for reimbursement to the Insurer to the extent of any recovery obtained by the Covered Person from any third party. If it is necessary for the Insurer to institute legal action against the Covered Person for failure to repay the Insurer, the Covered Person will be personally liable for all costs of collection, including reasonable attorneys’ fees.

Right of Recovery: Whenever the Insurer have made payments with respect to benefits payable under the Plan in excess of the amount necessary, the Insurer shall have the right to recover such payments. The Insurer shall notify the Covered Person of such overpayment and request reimbursement from the Covered Person. However, should the Covered Person not provide such reimbursement, the Insurer has the right to offset such overpayment against any other benefits payable to the Covered Person under the Policy to the extent of the overpayment.

Currency: All premiums for and claims payable pursuant to the Plan are payable only in the currency of the United States of America.

Grievance Procedures: If the Covered Person’s claim is denied in whole or in part, he/she will receive written notification of the denial. The notification will explain the reason for the denial.

The Covered Person has the right to appeal any denial of a claim for benefits by submitting a written request for reconsideration with the Insurer. Requests for reconsideration must be filed within 60 days after receipt of the written notification of denial. When the Insurer receives the Covered Person’s written request, the Insurer will review the claim and arrive at a determination.
There will be made available to the Covered Person, a member services representative to assist the Covered Person throughout the grievance process. The Covered Person also has a right to designate an outside independent representative to assist the covered person or the Covered Person’s member services representative through the grievance process.

The insurer will respond to grievances it receives within 45 business days of receipt of the grievance. The insurer will inform the Covered Person in writing of the decision regarding the covered person’s grievance.

All communications regarding the grievance/appeals process will be recorded, documented and maintained for at least 3 years.

If the matter is still not resolved to the Covered Person’s satisfaction, he/she may appeal any grievance decision resulting in a denial, termination, or other limitation of covered health care services by requesting a second review of the claim by sending the Insurer a written request for a second reconsideration. This written request must be filed within 60 days of the Eligible Participant’s receipt of the Insurer’s written notification of the result of the first review. If the issue involves a dispute over the coverage of medical services, or the extent of that coverage, the second review will be completed by physician consultants who did not take part in the initial reconsideration. The Covered Person will be informed, in writing, of the Insurer’s final decision.

There shall be three levels of appeal of a grievance decision.

**Informal Internal Review:** An Informal Internal Review shall consist of the Covered Person’s right to discuss and appeal the insurer’s grievance decision with the insurer’s medical director or with the physician or health care provider designee who rendered the decision.

If an appeal is from a determination regarding urgent or emergency care, the insurer shall conclude the appeal within 24 hours of receiving notification of appeal from the covered person or his/her member service’s representative. All other concurrent or prospective appeals conducted pursuant to this section shall be conducted by the insurer within 14 business days, unless the medical circumstances surrounding the case require the insurer to respond sooner.

If the Informal Internal Review is not concluded to the Covered Person’s satisfaction, the insurer shall provide the Covered Person with a written explanation of the decision, which shall, at a minimum, consist of:

1. The reviewer’s understanding of the grievance;
2. The reviewer’s decision in clear terms;
3. The contract basis or medical rationale in enough detail for the member or member representative to understand and to respond to the insurer’s position; and
4. All applicable instructions, including the telephone numbers and titles of persons to contact and time frames to appeal the decision to the next stage of appeal.

If still dissatisfied, the covered person or his/her member representative has a right to engage in a second level appeal.

**Formal Internal Review:** If dissatisfied with the Informal Internal Review decision, the Covered Person shall have a right to appeal before a reviewer or panel of physicians, or advanced practice registered nurses, or other health care professionals selected by the insurer.

The panel of reviewers selected by the insurer shall not have been involved in the initial grievance decision under review.

For all reviews which require medical expertise, the medical reviewer or in the case of a panel of reviewers, the panel shall consist of at least one medical reviewer who is trained or certified in the same specialty as the matter at issue.

A medical reviewer shall be a physician, or an advanced practice registered nurse or other appropriate health care provider possessing a non-restricted license to practice or provide care anywhere in the United States and have no history of disciplinary action or sanctions pending or taken against them by any governmental agency or professional regulatory body.

A medical reviewer shall be certified by a recognized specialty board in the areas appropriate to review.

All Formal Internal Reviews will be acknowledged by the insurer within 10 business days of receipt.

If the Formal Internal Appeal is from a determination regarding urgent or emergency care, the insurer shall conclude the appeal within 24 hours of receiving notification of appeal from the covered person or his/her member representative. All other concurrent or prospective appeals conducted pursuant to this section shall be conducted by the insurer within 30 business days, unless the medical circumstances surrounding the case require the insurer to respond sooner. The time may be extended at the request of the Covered Person or his/her member services representative.

If the Formal Internal Review is not concluded to the Covered Person’s satisfaction, the insurer shall provide the Covered Person with a written explanation of the decision, which shall, at a minimum, consist of:

1. The reviewer’s understanding of the grievance;
2. The reviewer’s decision in clear terms;
3. The contract basis or medical rationale in enough detail for the member or member representative to understand and to respond to the insurer’s position; and
4. All applicable instructions, including the telephone numbers and titles of persons to contact and time frames to appeal the decision to the next stage of appeal.
4. All applicable instructions, including the telephone numbers and titles of persons to contact and time frames to appeal the decision to the next stage of appeal.

If the covered person or his/her member representative is dissatisfied with the Formal Internal Review decision, he/she may pursue an external grievance.

If the insurer fails to comply with any of the deadlines for completion of a formal internal appeal, the covered person or his/her member representative shall be relieved of his/her obligations under the Formal Internal Review Process and may proceed directly to the external appeal process.

External Grievance Process: If dissatisfied with the decision rendered in a Formal Internal Review, the Covered Person may pursue an External Review before an independent review organization.

Within 30 business days from receipt of a written decision of the formal internal appeal panel, the Covered Person shall file a written request with the director for an external review along with a signed release, allowing the insurer to release medical records pertinent to the appeal.

Upon receipt of the request for an external appeal, together with the executed release form, the Director shall determine whether:

1. The individual was or is a member of the health benefits plan;
2. The health care service which is the subject of the appeal reasonably appears to be a service covered by the health benefits plan;
3. The member or member representative has fully complied with the informal and formal internal appeals processes; and
4. The member or member representative has provided all information required by the independent review organization and the Director to make the preliminary determination, including the appeal form, and a copy of any information provided by the insurer regarding its decision to deny, reduce, or terminate a covered service, and the release form required pursuant to subsection (b) of this section.

Upon completion of the preliminary review, the Director shall notify the member or member representative and insurer in writing as to whether the appeal has been accepted for processing. If the appeal is accepted by the Director, the Director shall assign the appeal to an independent review organization for full review. If the appeal is not accepted by the Director, the Director shall provide a statement of the reasons for the non-acceptance to the member or member representative and the insurer.

The staff of the independent review organization that is assigned to the appeal shall have meaningful prior experience in performing utilization review, peer review, quality of care assessment or assurance, or the hearing of appeals. Any independent review organization, its staff, and its professional and medical reviewers, shall not have any material, professional, familial, or financial affiliation with the insurer that is a party to the appeal.

The Director may waive exhaustion of the informal and formal appeals process as a prerequisite for proceeding to the external appeals process in cases of emergency or urgent care.

The insurer shall provide timely access to all its records relating to the matter under review and to all provisions of the health benefits plan or health insurance coverage, including any evidence of coverage, “member handbook”, certificate of insurance or contract and health benefits plan relating to the matter.
Upon acceptance of the appeal for processing, the independent review organization shall conduct a full review to determine whether, as a result of the insurer's decision, the member was deprived of any service covered by the health benefits plan.

The full review of an appeal of a health benefits decision shall be initially conducted by at least 2 physicians licensed to practice medicine in the District of Columbia, Maryland, or Virginia. On an exceptions basis, when necessary based on the medical, surgical, or mental condition under review, the independent review organization may select medical reviewers licensed anywhere in the United States who have no history of disciplinary action or sanctions pending or taken against them by any governmental or professional regulatory body.

In reaching a determination, the independent review organization shall take into consideration all pertinent medical records, consulting physician reports, and other documents submitted by the parties, any applicable generally accepted practice guidelines developed by the federal government, national or professional medical societies, boards and associations, any applicable clinical protocols or practice guidelines developed by the insurer, and may consult with such other professionals as appropriate and necessary.

The member or member representative and one insurer representative may request to appear in person before the independent review organization. The independent review organization shall conduct the hearing in the District of Columbia. The independent review organization's procedures for conducting a review, when the member or member representative or the insurer has requested to appear in person, shall include the following:

1. The independent review organization shall schedule and hold a hearing as soon as possible after receiving a request from a member or member representative or from an insurer representative to appear before the independent review organization. The independent review organization shall notify the member or member representative and insurer representative, either orally or in writing, of the hearing date and location. The independent review organization shall not unreasonably deny a request for postponement of the hearing made by the member or member representative or insurer representative.

2. A member or member representative and an insurer representative shall have the right to the following:
   a. To attend the independent review organization hearing;
   b. To present his or her case to the independent review organization;
   c. To submit supporting material both before and during the hearing;
   d. To ask questions of any representative of the independent review organization; and
   e. To be assisted or represented by a person of his or her choice.

When necessary, the independent review organization shall consult with a physician or advance practice registered nurse trained in the same specialty or area of practice as the type of treatment that is the subject of the grievance and appeal. All final recommendations of the independent review organization shall be approved by the medical director of the independent review organization.

The independent review organization shall complete its review and issue its recommended decision as soon as possible in accordance with the medical exigencies of the case. Except as provided for in this subsection, the independent review organization shall complete its review within 30 business days, or 72 hours in the case of an expedited appeal, from the time the Director assigns the appeal to the independent review organization. An insurer shall provide all documentation to the independent review organization within 5 days of receipt of the notice of approval of the appeal by the Director, or within 24 hours of receipt of the notice of approval of the grievance, for an expedited review. If an insurer does not provide the independent review organization all documentation required by this subsection within the time frames, or obtain the necessary extensions, the independent review organization may decide the appeal without receiving the information. The independent review organization shall extend its review for a reasonable period of time as may be necessary due to circumstances beyond its or the insurer's control, but only when the delay will not result in increased medical risk to the member. In such an event, the independent review organization shall, prior to the conclusion of the initial review period, provide written notice to the member or member representative and to the insurer setting forth the status of its review and the specific reasons for the delay.

If the independent review organization determines that the member was deprived of medically necessary covered services, the independent review organization shall recommend to the Director the appropriate covered health care services the member should receive. The Director shall forward copies of the recommendation to the member or member representative and the insurer.

When necessary, the independent review organization shall refer a case for review to a consultant physician or other health care provider in the same specialty or area of practice who would generally manage the type of treatment that is the subject of the appeal. All final recommendations of the independent review organization shall be approved by the medical director of the independent review organization.

The decision of the independent review organization shall be nonbinding on all parties and shall not affect any other legal causes of action.

This section shall not apply in cases directly involving Medicaid benefits. Any appeal brought pursuant to this section by a member involving coverage provided pursuant to the Medicaid program shall be resolved in accordance with federal and District of Columbia laws, regulations, and procedures established for fair hearings and appeals for the Medicaid program.

The Insurer shall not take any retaliatory action, such as refusing to renew or canceling coverage, against the Eligible Participant or the Group because the Eligible Participant, the Group, or any person acting on the Eligible Participant’s or the Group’s behalf, has filed a complaint against the

Form 28.303 (DC)
Insurer or has appealed a decision made by the Insurer.

In the case of a reduction or a termination of services that is contrary to the recommendations of the treating physician or advance practice registered nurse, an insurer shall provide a member or member representative with 24 hours prior verbal notification, followed by a written decision as soon as practical.

The Insurer will meet any Notice requirements by mailing the Notice to the Group at the billing address listed on our records. The Group will meet any Notice requirements by mailing the Notice to:

Dispute Resolution

All complaints or disputes relating to coverage under this Plan must be resolved in accordance with the Insurer’s grievance procedures. Grievances may be reported by telephone or in writing. All grievances received by the Insurer that cannot be resolved by telephone conversation (when appropriate) to the mutual satisfaction of both the Covered Person and the Insurer will be acknowledged in writing, along with a description of how the Insurer propose to resolve the grievance.

The Insurer shall not take any retaliatory action, such as refusing to renew or canceling coverage, against the Insured Participant and his/her Insured Dependents or the Group because the Insured Participant’s, the Group’s, or any person’s action on the Covered Person’s or the Group’s behalf, has filed a complaint against the Insurer or has appealed a decision made by the Insurer.
