WHO HAS TO BE ON A MEAL PLAN + WHAT ARE THE BENEFITS?
Dining locations are designed to promote interaction and socialization among classmates, and the meal guarantees that there will be a variety of choices for students. If you do not select a meal plan and your enrollment status or residence hall assignment require you to be on a meal plan, you will be placed on the silver plan. Resident students in their first 2 semesters at Stony Brook or any students living in mandatory meal plan buildings/areas are required to be on one of the residence hall meal plans. Freshman and transfer students will be billed an additional fee for required opening weekend meals.

HOW WILL I KNOW HOW TO BUDGET MY POINTS?
Our stay on budget program provides you with suggested guidelines, savings opportunities, budget chart and continuous updates on your balance. When selecting a meal plan, we provide you with weekly and daily suggested usage to help as well. Combo meal options are offered at all dining locations providing savings and value.
